

Call for Sessions for the 11th SETAC Asia-Pacific Meeting September 16-19, 2018

Kyungho Choi and Jung-Hwan Kwon, SETAC AP 11th Meeting Scientific Committee

It is our great pleasure to announce the call for session proposals for the **11th SETAC Asia-Pacific Meeting**, which will be held during 16-19 September 2018 in Daegu, South Korea, under the main theme "**Data, Science, and Management Promoting Environmental Welfare**".

Session proposals are open until January 31, 2018.

The conference is dedicated to provide highly scientific and practical platform to communicate and interact among scientists, engineers, and decision makers, by programs in the areas of (eco)toxicology, environmental chemistry, environmental and human exposure, risk assessment and management, environmental engineering, policy and economics, and life cycle assessment, and other relevant fields. We look forward to receiving your exciting and timely session proposals, which will contribute to building an undoubtedly inspiring scientific program in Daegu. To submit a session proposal (following the format in the next page), please provide a session title, a brief description of the session in < 200 words, and up to four keywords, through the SETAC-AP 2018 secretariat by e-mail: info.setacap2018@gmail.com.
